

# **Enterprise Activity Front Sheet**

**Course: Summer School                      Level: Gifted and talented**

**Project title: The school garden**

**Start Date:**

**Completion Date:**

## **Learning Objectives (WALT)**

- **Team working**
- **Project planning and management**
- **Research**
- **Consulting with experts**
- **Design**
- **Customer focus**
- **Budgeting**
- **Quality assurance**

## **Scenario:**

**There is a part of the school's site which is now derelict. This site needs to be redeveloped as a garden for the school community with seating and cultivated areas.**

**There is a small seedcorn grant, but the project has no budget as yet.**

**Task:**

**You will:**

- Undertake a consultation process to establish a specification and style for the garden.
- Design the most effective layout for the garden site
- Seek expert advice on the hard landscaping required
- Cost the hard landscaping
- Supervise the hard landscaping
- Test the soil to discover the ideal types of plants for the cultivated areas
- Seek expert advice on plant types and costs
- Identify sources of sponsorship
- Source the plants
- Complete the planting
- Source the garden furniture
- Plan the formal opening of the garden
- Write a press release
- Manage the opening of the garden
- Design an introduction to the garden for students and staff
- Mount a display of the development of the garden in the school foyer
- Organise the maintenance of the garden
- Manage the completion of a wildlife observation diary for the garden for primary school children

**Assessment criteria (WILF) :**
