

## THE 'I BECOME' PROJECT

### Aims:

- To embed Enterprise Learning into the curriculum
- To involve all subject areas in Enterprise Learning
- To improve student performance through the development of Enterprise Learning

### Process:

- Single group in Year 7 chosen for pilot study
- Staff invited to INSET for delivery of project
- Teachers requested to set an Enterprise objective in their lesson aims – use of WALT and WILF
- Students asked to tell teachers when they feel they have achieved the Enterprise objective
- Students given Star and Green Slip (reward) when teacher agrees that the objective has been achieved

### Results:

- Positive early indications – rise in rewards v sanctions for target group
- Full review to take place in the next week with teachers, students and support staff
- If positive feedback – roll out to whole of Year 7 for September 2007
- Adjust project following feedback
