

Enterprise Activity Front Sheet

Course: PSHCE

Level: Key Stage 4

Project title: Road Safety

Start Date:

Completion Date:

Learning Objectives (WALT)

Scenario:

Parents coming to the school site are worried about the speed and density of the traffic.

You are to work in teams to suggest ways in which road safety around the school site can be improved.

Task:

Your task is to break into teams and to

- **Conduct research into ways in which traffic can be calmed in the area**
- **Research the views of the local council**
- **Make recommendations for changes to the local traffic calming measures**
- **Present your ideas to fellow students to choose which idea will go forward to consultation with parents from the schools**
- **Make a report to parent representatives and the local council with visual material (Powerpoint?)**

Assessment criteria (WILF) :

Enterprise capability:

Teamworking

Making a presentation

Liaison with the local community

Research

Critical appreciation

Planning
